## Eduroam with geteduroam App

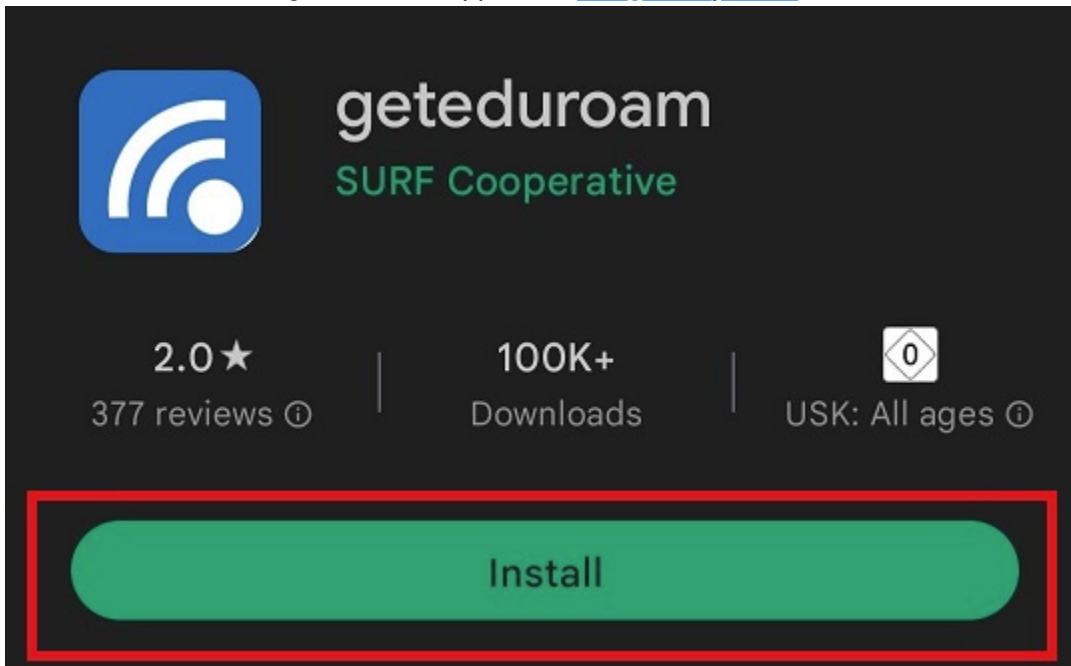

---

### Download

Android devices running on Android 10 or older, can still use the eduroamCAT App. Devices with **Android 11** or newer require the use of the **geteduroam** App.

You can download the geteduroam App in the [Google-Play-Store](#) .

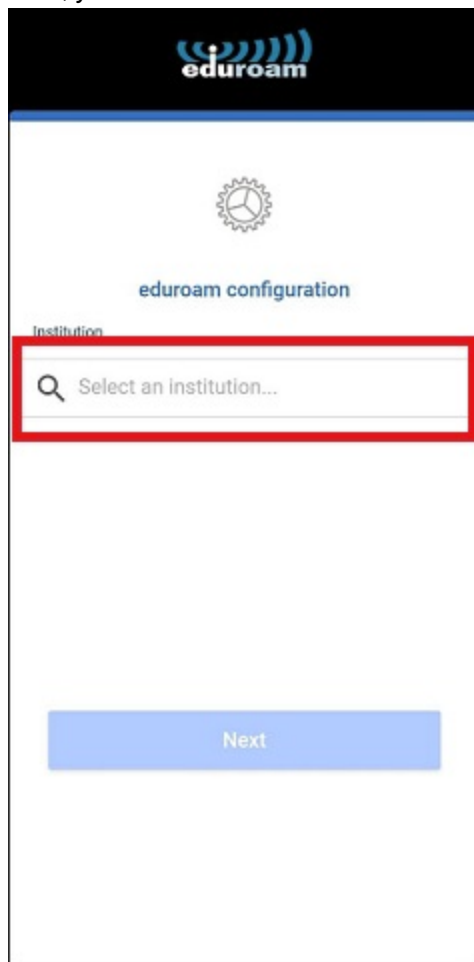

Once the app has downloaded, you can open it to begin the setup process.

## Setup

The App is going to guide you through the configuration process.  
First, you have to select the **Universität Siegen** via the searchbar.

The screenshot shows the 'eduroam configuration' screen. At the top, there is a black header with the 'eduroam' logo. Below the header is a white area with the University of Siegen logo and the text 'eduroam configuration'. Underneath, the word 'Institution' is displayed. A search bar with a magnifying glass icon and the placeholder text 'Select an institution...' is highlighted with a red border. At the bottom of the screen, there is a blue button labeled 'Next'.

You will now be asked to provide your **username** and **password**.

Please note, that you need to use the form [**username + @uni-siegen.de**] (e.g. [g123456@uni-siegen.de](mailto:g123456@uni-siegen.de)) to be able to establish a connection.
